

“Whatever the question – Love is the answer.”

Captain Nancy approaches her work and her life in this way.

A dynamo of many talents, Nancy blends her scientific background as a geologist and oceanographer with years of metaphysical study. Her experience of human cadence gives her a unique understanding of people. Known for her laughter and easy manner, you will be intrigued with her company as she guides you on a journey to renewal and healing.

The Big Island’s healing power drew Nancy in 1995 when recovering from several auto accidents. This island is known for expanding one’s spiritual essence, and life force (mana, in Hawaiian). Through experiencing this aquatic mammal’s love and enchantment, her energy, health, and love for life has been divinely restored. She believes it can do the same for you. Nancy is dedicated to facilitating this experience for others with Dolphin Journeys.

Dolphin Journeys is currently offering full and half day dolphin excursions, whale watching (in season), and even private scuba trips. Nancy also facilitates seminars and offers educational internships to college students through Dolphin Journeys Educational Division.

Come. Play. Feel. Love. Know Joy. Laugh. Sing. Soar.

P.A.D.I. DiveMaster / Licensed Boat Captain

Notes from fellow travelers:

“I felt so taken care of and protected; I had the courage to do what I thought was outside my realm of possibilities. Swimming with the dolphins has changed me. I found a new part of me that day. The whole experience was very magical and empowering!”

Sandy - Boone, N.C.

“Nancy offers a unique and a magical experience that is transformational and healing. We’re definitely coming back!”

Doreen Virtue, Ph.D. Author
“Divine Guidance”
Steven Farmer, MA Author
“Adult Children of Abusive Parents”

“Thank you for the highlight of our trip to Hawaii! I do not know how to swim and was apprehensive about getting into the water with “who knows what”! You were right there with me saying “1, 2, 3, jump” and didn’t leave me until I was very comfortable. It turned out that I could stay afloat and enjoy the wonderful sights and other world of the water and the wonderful dolphins.”

Barb Smith - Vancouver, WA

“This trip was the highlight of our honeymoon. Absolutely Magnificent!”

Sharon & Lenny, Cliffside Park, NJ.

“We had a wonderful time in all our different places in Hawaii, and your dolphin snorkel really topped off our last full day on the Big Island. We just marveled at what an exciting day we had enjoyed in the water with you. Mahalo!”

Dolphin excursions on the Big Island of Hawaii to renew your soul and let your spirit fly

PLEASURE • ADVENTURE • DISCOVERY • HEALING

Dolphin Journeys

Swim where the dolphins play and enjoy the Hawaiian waters. We offer dolphin interactions, whale watching (in season), sunset cruises including Manta Ray swims, exclusive trips and fun, educational camps.

Half Day

A four-hour adventure that will touch your heart. We journey by boat to the dolphins and greet them with gratefulness. We will see if the dolphins want to play (they usually do) or teach us their ways. The dolphins are wild and free, therefore their participation can not be guaranteed. The gift of their presence will feed your soul for eternity.

Lunch & snorkel gear included

The Dolphin TLC Dolphin Journeys' boat

Enjoy your adventure at sea riding comfortably on our 26' Skipjack. She is complete with cabin, toilet, hot showers, easy swim entry and shaded deck.

Volcano National Park – Madame Pele, Goddess of Fire

With reverence, we will approach the Halemaumau Crater, home of Madame Pele, and offer our gifts to show ihi (respect), an important aspect of the Hawaiian attitude towards life. Watch the flow, fiery hot molten lava; the birth of a planet. Walk through a lava tube, the womb of mother earth—to a new manifestation – the newest land on earth, and receive Pele's blessing for all time.

This 12-hour trip includes a beach picnic.

Adult & Family Learning Camps

Special week-long experiential programs for groups of four or more who want to immerse themselves in an extensive dolphin experience. Customized to suit your group: 3-4 dolphin boat trips, volcano tour, and other marine and Hawaiian cultural experiences. Families, friends, church groups, alumni associations and corporate groups enjoy these camps. The focus is both educational and spiritual. All ages are welcome and handicap accommodations are available.

Manta Ray Dinner & Dive By the light of the moon

Enjoy a sunset dinner aboard the Dolphin TLC, and snorkel with these beautiful creatures. Other exclusive evening excursions are available upon request.

Full Day

An all day trip along the Kona/Kohala coast to snorkel exquisite reefs and play with dolphin pods along the way. Beautiful arches and coastline formations make this excursion extra special. Includes excellent hump-back whale watching December through March.

Lunch, snacks & snorkel gear included

Feel the richness; the mystery
and mythical dimensions in this
sacred land and sea.
